SUMMARY

Full-stack developer (React, Node.js, MongoDB) with experience building and deploying web applications end-to-end, including authentication, payments, and real-time features. Delivered a live production website for a manufacturing brand.

EDUCATION

RCC Institute of Information Technology (MAKAUT)

Bachelor of Technology, Computer Science and Engineering – CGPA: 8.03/10

Aug. 2023 – June 2027

Kolkata, India

Baradongal Ramanath Institution

Higher Secondary Education (Science) – 84%

2021 – 2023

Secondary Education (Class X) – 88.42%

2015 – 2021

SKILLS

Languages : Java, JavaScript (ES6+), SQL

Frameworks : React, HTML5, CSS3, Node.js, Express.js, REST APIs

Databases : MongoDB, MySQL, Redis

Tools & Cloud/DevOps : Git, GitHub, Visual Studio, Docker, Postman, AWS, Vercel, Render, CI/CD Pipelines

Core Subjects : DSA, DBMS, Object Oriented Programming, Operating Systems, Computer Networks

Soft Skills : Teamwork, Problem Solving, Decision Making, Time Management

PROJECTS

Zipply | URL Shortener & QR Platform

Node.js, Express, EJS, MongoDB, Redis

- github.com/amanshow24/zipply | zipply.onrender.com
- Built a full-stack URL shortener SaaS application with JWT authentication, custom aliases, link expiration, and dynamic QR code generation
- Implemented Redis-backed caching and rate limiting on redirect requests, cutting response time from 450–600ms to 100–150ms
- Secured signup and login endpoints with IP-based rate limiting and email OTP verification to block automated bot registrations
- Integrated Razorpay billing with three subscription tiers (Normal/Pro/Plus) supporting daily usage-based plan limits

LiveTrack | Real-Time Location Sharing App

React, Vite, Node.js, Socket.IO, MongoDB

- github.com/amanshow24/Live-Track | live-track-nu.vercel.app
- Developed a real-time, room-based location-sharing app that lets users join private rooms, share live map coordinates, and monitor active participant statuses
- Engineered concurrent WebSocket channels with Socket.IO, manually verified with 20+ simulated connections
- Designed a mobile-first, responsive UI with MapLibre GL for interactive maps and live status tracking

EXPERIENCE

Freelance Front-End Developer

May 2026 – Aug 2026

Remote

- Developed a responsive business website for a local oil manufacturing brand using React, JavaScript, and CSS
- Built a responsive product catalog showcasing 10+ products, manufacturing details, achieving 95+ Lighthouse Performance and 0.4s Largest Contentful Paint (LCP)
- Deployed on Vercel with WhatsApp, click-to-call, and Google Maps integration

ACHIEVEMENTS & CERTIFICATIONS

- Solved 250+ Data Structures & Algorithms problems across [LeetCode](https://leetcode.com) and GeeksforGeeks
- Certified in Java Programming (Elite – 85%) by NPTEL, IIT Kharagpur
- Earned the Google Cloud Arcade Champion Badge with 75 points (April 2025)
